

## **Logos & Artwork**

Universal Precast Concrete can offer the following options for installation of logos on our precast concrete items:

- Cast-in Logos
  - These can be painted various colors or left unpainted.
  - Logo graphics are needed as “vector art” (Adobe Illustrator, CAD, or Corel Draw) format and can be provided to us or can be designed by our in-house design team. (Small art design fee may be charged)
  - We have a great number of fonts available for letters on the sign. Letter size can be any custom dimension, as specified by our customers.
  
- HPL (High Pressure Laminate):
  - We could provide pricing for these laminated logos or they can be provided to us.
  
- Bronze / Metal Imbedded Items:
  - We can provide pricing for these items or they can be provided to us.
